your identity is a set of physical mental emotional social and interpersonal characteristics that are unique to you it encapsulates your core personal values and your beliefs about the world says asfia qaadir do a child and adolescent psychiatrist at prairiecare britannica dictionary definition of identity 1 who someone is the name of a person count the identity of the criminal victim is not known the face of the witness was hidden in order to protect her identity to keep her name from being known the documents proved established his identity proved established who he was the fact of being or feeling that you are a particular type of person organization etc the qualities that make a person organization etc different from others a loss of identity in prison people often suffer from a loss of identity a sense of identity i think my job gives me a sense of identity it is important as you define your identity that god not be just an aspect of who you are like i am a christian or i am religious or i am spiritual understanding your identity in god starts with understanding who he is what he says about himself and what he says about you when identity thieves obtain your personal information they can open credit cards in your name make fraudulent purchases log into your personal accounts change your billing address obtain a new driver s license or official id use your identity when questioned by police how we can help identity is the qualities beliefs personality traits appearance and or expressions that characterize a person or a group identity emerges during childhood as children start to comprehend their self concept and it remains a consistent aspect throughout different stages of life what is identity a definition in the most general sense we can define identity as a person s sense of self established by their unique characteristics affiliations and social roles moreover identity has continuity as one feels to be the same person over time despite many changes in their circumstances identity in philosophy considers the concept of identity in philosophy through time and the mind body problem it also discusses empiricist reductionism mentalist essentialism ordinary language analysis and interactionism keywords brain essentialism identity individual mind body problem philosophy 1 a the distinguishing character or personality of an individual individuality b the relation established by psychological identification 2 the condition of being the same with something described or asserted establish the identity of stolen goods 3 a sameness of essential or generic character in different instances b identity is critical for maintaining a solid sense of self it s the glue that holds us together even in the most discombobulating of circumstances each of us is unique in how we express our identity is descriptive identity attempts to capture what something means in a given context by doing so this understanding of identity acknowledges that context is never absent and it is always shaping the thing it contextualizes if we understand identity as descriptive rather than definitional then it becomes easier to understand identity psychologists who study identity have described two processes that are involved in identity development exploration which involves trying out different roles or options and commitment which involves committing to some aspect s of identity 1 be yourself everyone else is already taken oscar wilde identity exploration identity is largely concerned with the question who are you what does it mean to be who you are identity relates to our basic values that dictate the choices we make e g relationships identity encompasses the memories experiences relationships and values that create one s sense of self this amalgamation creates a steady sense of who one is over time even as new facets are to an identity whereas college students were more likely to be currently exploring identity options verschueren rassart claes moons luyckx 2017 because the first year of college may be a time of identity instability and development azmitia et al 2013 it is important to understand abstract social identities are the identities that you share with similar group members they tell how you are like others they connote similarity rather than difference our social identities though identity first published wed dec 15 2004 substantive revision wed jul 20 2022 much of the debate about identity in recent decades has been about personal identity and specifically about personal identity over time but identity generally and the identity of things of other kinds have also attracted attention personal identity personal identity deals with philosophical questions that arise about ourselves by virtue of our being people or as lawyers and philosophers like to say persons this contrasts with questions about ourselves that arise by virtue of our being living things conscious beings moral agents or material objects your identity is what makes you you if you are having an identity crisis then i guess you can 39 t figure out who you are good luck with that
